ABOUT US

The purpose of our Center is to design and organize educational programs required by the information society, apart from associate, undergraduate, and graduate programs of our university.

With the rapid changes in business life, the necessity of acquiring information about new concepts and topics almost every day and applying this knowledge in a competitive environment has emerged. Continuous education carried out through individual effort forms the basis of competence, effectiveness, and productivity.

All programs offered by our Center are prepared by our academic staff with sectoral experience, adopting an approach that aims to combine theory and practice. At the end of the training programs, participants are awarded certificates.

We invite all individuals who wish to gain a competitive advantage to participate in the training programs of our Center, whose philosophy is expressed with the words: “Education is meaningful only if it is continuous.” All training programs offered by our Center are accessible to everyone regardless of ethnicity, religion, disability, migration status, or gender.

“Learn everything about something, and something about everything.”

— Van Dyke

Mission & Vision

To provide education that creates high value for individuals, institutions, and society by identifying continuously changing human resource needs in the sector and integrating them with the requirements of the age and the conditions of the society we live in; and to contribute to the formation of a qualified workforce capable of advancing Türkiye and successful in human relations.

To be an educational institution that contributes to the country's qualified workforce through education and consultancy activities, trains the skilled labor force required by the market, and supports individuals' Lifelong Development process.

MINISTRY-APPROVED TRAININGS

1

Basic Expert Witness Training

Basic Expert Witness Training

24yıl

Authorized by the Ministry of Justice, the “Basic Expert Witness (Bilirkişilik)” training program was conducted through a face-to-face education model at the Florya Campus. In February, a total of four separate groups were opened, and 95 participants attended the training program, each of which lasted 24 hours.

Throughout the training, participants were provided with information on expert witness legislation, duties and responsibilities, as well as fundamental practical knowledge. The program was successfully completed.

CORPORATE TRAININGS

1

Development Of Innovative Collections And New Technologies In The Fashion Industry

Development Of Innovative Collections And New Technologies In The Fashion Industry

24yıl

Authorized by the Ministry of Justice, the “Basic Expert Witness (Bilirkişilik)” training program was conducted face-to-face at the Florya Campus.

In February, a total of four separate groups were opened, and 95 participants attended the 24-hour training program. Throughout the program, participants were provided with comprehensive information on expert witness legislation, duties and responsibilities, as well as fundamental practical knowledge. The training was successfully completed.

COLLABORATION TRAININGS

24yıl

1

English Speaking Club

2

Project Management Training

English Speaking Club

2ayü

The training is conducted face-to-face at the Florya Campus in collaboration with the Speaking Club. Two separate groups have been formed for participants at the A1–A2 and B1–B2 levels, and the program is delivered through content and activities tailored to their respective English language proficiency levels.

Project Management Training

24yıl

The first phase of the “AI-Supported Project Management for Non-Governmental Organizations” training program, implemented in collaboration with the Sivil Toplumla İlişkiler Genel Müdürlüğü (General Directorate of Relations with Civil Society) and İstanbul Aydın Üniversitesi, was successfully carried out in Afyonkarahisar.

During the two-day training program, planned for a total of 12 hours, 35 beneficiaries—including NGO representatives, public sector personnel, and master’s and PhD students—received training.
